

**Physics Biology Neuroscience Ontology:  
One Glance In The Light Of The  
Quantum Field Theory (QFT)**

May 24-25, 2013

Auditorium of the *Piacenza Foundation*

Piacenza (Italy)

**FRIDAY 24:**

21:00 - *Presentation of the Conference 2012 Proceedings on: "Anthropology and Economics"*, Prof. Silvano Petrosino, Philosophy, Catholic University  
Following Debate

**SATURDAY 25:**

*Conference 2013: "Cosmology, Biology, Neuroscience, Ontology: One Glance In The Light Of The Quantum Field Theory (QFT)"*

9-10: Physics

***Giuseppe Vitiello***

Professor of Theoretical Physics at the Faculty of Sciences of the University of Salerno

10-11,30: Biology

***Luc Montagnier***

Nobel Prize in Medicine

***Carlo Ventura***

Professor of Molecular Biology at the Faculty of Medicine and Surgery of the University of Bologna

12-13: Neuroscience

***Walter Freeman***

Emeritus Professor at the Molecular and Cell Biology Department of the University of California at Berkeley

16-17: Ontology

***Gianfranco Basti***

Professor of Philosophy of Nature and Science at the Faculty of Philosophy of the Pontifical Lateran University in Rome

17.30 -18,30: Debate
